Hi Robin

Congratulations on the book chapter!

Yes please put it in Symplectic and nominate for ROC. However you will need to go in again and update when the hard copy becomes available as online publications are not accepted (due to potential for double counting).

Thanks
Nikki

Subject: Book chapter accepted by Springer in 2019 to be published in early 2020

Dear Nikki,

Last year I had a chapter in an edited international book accepted for publication with Springer.

The details of the book are listed at: <https://www.springer.com/gp/book/9783030311971>

As noted in the email chain below Springer have advised that they are currently doing some final edits and will advise as soon as the book is published online.

I was wondering whether this chapter could be entered into Symplectic even if I do not yet have a copy of the published version of this chapter?

Thank you for your assistance with this query.

Kind regards,

Robin

Dear Prof. Robin,

Thank you for your mail.

As we are in the final process of quality checking the files.

Upon completing the same, the book will be published online for which you will be receiving the automatic notification mail from Springer.

Thus, I would like to inform you that as per Springer standards we will be not be able to share the PDF for your reference at this point of time.

We seek your kind understanding in this regard.

Regards,

Thara

Dear Thara,

I hope you're well.

I am just following up on the estimated delivery date for the copy of Volume 1 of the Transparency book.

Alternatively, would it be possible to receive a PDF copy of my chapter and the table of contents of the book's ISBN / ISSN?

The main reason for requesting this is that my university requires us to update all details of our research publications for our research output reporting purposes.

Thank you for your assistance with this query.

Regards,

Robin
